About Me

Hi, I'm Hou-Tai. My background with marketing and analysis and some other odd jobs (Bagel Baker, RA) has given me the ability to sort out important facts and summarize them effectively even under high pressured situations. I love working with people, code and music. I'm very much interested in finding web development opportunities where I can share my enthusiasm for learning and helping others!

Skills & Frameworks

Ruby on Rails

Git

Javascript/jQuery

HTML

CSS/SASS

Bourbon

Ajax

Projects

- **Dindr -** A webapp that helps you with your cravings . Contribution: Back-end logic and methods(Ruby/Rails), front-end(Ajax, JS, Sass, Bourbon), integrated API's and tests(MiniTest).

- **Crowdfunder -** Giving projects a chance by donating to them and receiving rewards in return. Contributed: back-end logic and methods (Ruby/Rails) , front-end(Ajax, JS, CSS/Sass)

- **SeatYoSelf -** Find a restaurant and make a reservation if it's available. Contributed: back-end logic and methods(Ruby/Rails) and tests (MiniTest), and front-end(CSS/Sass, JS/jQuery).
